

Zevra Therapeutics to Participate at Upcoming Investor Conferences

February 28, 2024

CELEBRATION, Fla., Feb. 28, 2024 (GLOBE NEWSWIRE) -- **Zevra Therapeutics, Inc. (NasdaqGS: ZVRA)** (Zevra or the Company), a rare disease therapeutics company, today announced that Neil F. McFarlane, President and Chief Executive Officer of Zevra, will present at upcoming investor conferences in March 2024. Additionally, management will be available for one-on-one meetings with registered attendees at each of the conferences.

- Mr. McFarlane will present at the TD Cowen 44th Annual Health Care Conference in Boston, MA, on Tuesday, March 5, 2024, at 2:10 p.m. ET.
- Mr. McFarlane will participate in a fireside chat at the 36th Annual ROTH Conference in Dana Point, CA, on Monday, March 18, 2024, at 4 p.m. ET.

The live webcasts can be accessed through the "[Events & Presentations](#)" section of Zevra's website at investors.zevra.com.

About Zevra Therapeutics:

Zevra Therapeutics is a rare disease company combining science, data, and patient needs to create transformational therapies for diseases with limited or no treatment options. Our mission is to bring life-changing therapeutics to people living with rare diseases. With unique, data-driven development and commercialization strategies, the Company is overcoming complex drug development challenges to make new therapies available to the rare disease community.

Expanded access programs are made available by Zevra Therapeutics and its affiliates and are subject to the Company's Expanded Access Program (EAP) policy as published on its website at www.zevra.com. Participation in these programs is subject to the laws and regulations of each jurisdiction under which each respective program is operated. Eligibility for participation in any such program is at the treating physician's discretion.

Cautionary Note Concerning Forward-Looking Statements:

This press release may contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements include all statements that do not relate solely to historical or current facts, and which can be identified by the use of words such as "may," "will," "expect," "project," "estimate," "anticipate," "plan," "believe," "potential," "should," "continue," "could," "intend," "target," "predict," or the negative versions of those words or other comparable words or expressions, although not all forward-looking statements contain these identifying words or expressions. Forward-looking statements are not guarantees of future actions or performance. These forward-looking statements include without limitation statements regarding Zevra's strategic and product development objectives, including with respect to becoming a leading rare disease company and addressing unmet clinical needs, and Zevra's plans, goals and expectations concerning market position, future operations and other financial and operating information. Forward-looking statements are based on information currently available to Zevra and its current plans or expectations, and are subject to several known and unknown uncertainties, risks, and other important factors that may cause actual results, performance, or achievements to be materially different from any future results, performance, or achievements expressed or implied by the forward-looking statements. These and other important factors are described in detail in the "Risk Factors" section of Zevra's Annual Report on Form 10-K for the year ended December 31, 2022, as updated in Zevra's Quarterly Report on Form 10-Q for the quarter ended September 30, 2023, and Zevra's other filings with the Securities and Exchange Commission. While Zevra may elect to update such forward-looking statements at some point in the future, it disclaims any obligation to do so, except as required by law, even if subsequent events cause their respective views to change. Although Zevra believes the expectations reflected in such forward-looking statements are reasonable, it cannot assure that such expectations will prove correct. These forward-looking statements should not be relied upon as representing Zevra's views as of any date after the date of this press release.
